

# Hack #1 Modeling Bestseller Book Covers

1. Analyze the book covers of one of the bestsellers (“why makes them as bestseller”)
2. Example - <https://www.amazon.com/Mister-O-Lauren-Blakely/dp/1530258952/>
3. See the book covers and do exactly as what they are doing (Hot men on the book cover)
4. View also the sub-genre and analyze ( do exactly as what they are doing for the book covers, but don't copy or plagiarize, just create something similar but unique )
