

NEF FUNDING PRODUCTS AND SERVICES

MANDATE

Established by the National Empowerment Fund Act No 105 of 1998, the NEF is a driver and a thought-leader in promoting and facilitating black economic participation through the provision of financial and non-financial support to black-empowered businesses, as well as by promoting a culture of savings and investment among black people.

FUNDING FROM R250 000 TO R75 MILLION

The NEF is an agency of **the dti** mandated to grow black economic participation. Accordingly, its funding mandate is directed by the Codes of Good Practice on Broad-Based Black Economic Empowerment, as well as by the Industrial Policy Action Plan. The NEF provides business loans from R250 000 to R75 million across a range of sectors, for start-up, expansion and equity acquisition purposes. A key requirement for NEF funding is for the investees to be directly involved in the operations of their businesses.

On average, the NEF's business loans are repayable over 4 to 7 years, and up to 10 years where marked with an asterisk (*) below:

	Product/Fund	Description	Funding amounts
1	Entrepreneurship Finance	For starting a new business	R250 000 – R10 million
2	Procurement Finance	For tenders and contracts	R250 000 – R10 million
3	Franchise Finance	For pre-approved franchise licenses	R250 000 – R10 million
4	Acquisition Finance	For black investors to acquire a stake in medium to large companies	R2 million – R75 million
5	Expansion Capital	For growing an existing business	R250 000 – R75 million
6	* New Ventures	Participation in green-field projects	R5 million – R75 million
7	Capital Markets	Listing on the JSE or its junior AltX markets	R2 million – R75 million
8	Liquidity and Warehousing	The NEF has BEE Facilitator status**, which can help black shareholders and companies wishing to sell a stake while keeping the shareholding black	R2 million – R75 million
9	*Rural and Community Development Fund	For agri-processing, tourism, mining and beneficiation, manufacturing etc.	R1 million – R50 million
10	*Strategic Projects Fund	Venture-capital fund investing in early-stage projects for the purpose of developing strategic industrial capacity in poverty nodes, in renewable energy, business process outsourcing, tourism, manufacturing, mining and mineral beneficiation, etc.	R1 million – R75 million

** In 2008 the NEF was awarded the BEE Facilitator status by **the dti** in terms of the provisions of Statement 100 of the Codes of Good Practice on BEE. The NEF's BEE Facilitator status means that equity investments held by the NEF in any company are automatically regarded as 100% black-owned, including 40% owned by women and 10% by black designated groups. The equity stakes would also be regarded as unencumbered, resulting in the company receiving a perfect ownership score in respect of the stakes held by the NEF.

FUNDING CRITERIA

Each application for funding is assessed in terms of the following criteria:

- minimum percentage of black ownership or interest,
- black women empowerment,
- black managerial and operational involvement,
- commercial viability of the business,
- specific product criteria,
- job creation,
- geographic location of the business (rural/urban/disadvantaged areas)
- community involvement,
- compliance with all the relevant laws and regulations,
- return on investment, and,
- the possibility of co-funding with another public or private sector institution.

And so can you with the NEF

As an agency of **the dti** mandated to grow black economic participation, the NEF provides funding ranging from **R250 000 to R75 million** to black-empowered enterprises for start-up, expansion and equity acquisition purposes. The NEF is unique and believes in the right of black business to exist, and to succeed. That is why we offer free mentorship and we are not afraid to invest where

commercial banks would shy away from. The NEF will make your dreams come true, like we have done for the hundreds of black entrepreneurs who have benefited from over **R6.9 billion** that we have approved for B-BBEE businesses to date. Over 86 000 decent jobs have been supported as a result. The NEF, making the dreams of black business a reality.

 **NATIONAL
EMPOWERMENT
FUND**
Growing Black Economic Participation

If you are a black South African and have a business idea that needs funding, please call 0861 843 633/ 0861 (THE NEF) or go to www.nefcorp.co.za.

NON-FINANCIAL BUSINESS SUPPORT (BUSINESS PLANNING AND MENTORSHIP)

In response to the constraints facing some black entrepreneurs, such as the challenge in producing top-quality business plans and the lack of accurate and reliable financial information from applicants, the NEF has since launched a comprehensive online Business Plan tool which is available for free to the public on the NEF's website www.nefcorp.co.za

The tool is designed to assist applicants in initiating, improving and refining the quality of their business plans, including completion of financial projections through a step-by-step question and answer process. Clients may reach the NEF contact centre on 0861 843 633, for advice about products, services and processes, as well as for guidance on usage of the online business planner tool.

Through the Post-Investment function the NEF also monitors the performance of its growing number of investees for business risk, and provides ongoing business support when required, which includes free mentorship and business coaching to existing clients. The business mentors are deployed across the country and possess a wide spectrum of business skills were helpful to the NEF investees at the height of the global economic downturn.

HOW TO APPLY FOR FUNDING

Once the business plan has been finalised, applicants must then complete an application form, which is obtainable from the NEF website. The application form also has a business plan guideline which provides the full scope of the topics that the business plan must cover. The application is now ready to be submitted, either in person, by email, fax or post.

The submission comprises the application form, the business plan with 5 years financial projections, certified identity copy(ies) and company registration documents. Where relevant, the following documents must also be provided: supplier agreements, lease agreements, contracts, franchise agreements, sale-of-business agreement etc. While the NEF endeavours to complete the entire application assessment process over a three-month period, ultimately, the turnaround time is dependant upon the state of readiness of the applicant, including the submission of all the relevant documents. While the NEF, like all financial institutions, places great importance on the quality of the business plan, the assessment of the abilities of the entrepreneur is also essential.

CHALLENGES OR MARKET FAILURES

Facing black business in South Africa

- Limited own capital,
- Access to affordable capital,
- Limited management skills, including financial, marketing and technical expertise,
- Lack of accurate and reliable financial information,
- Poor quality of business plans,
- Lower bargaining power and strong competition from established businesses with entrenched market dominance, and,
- Lack of access to local and international markets.

What Sectors does the NEF Fund?

Growing Black Industrialists.

Much as the NEF will continue to fund small and medium enterprises, for which we have approved over **R6.9 billion** to date, what our country needs today is for black entrepreneurs to start dreaming big. We are looking for entrepreneurs who want to be at the top, where they belong. These are business people who want to create jobs by participating in opportunities at the outset of projects, as opposed to doing so during equity closure. These are industrialists who see the potential for the export market in a variety of sectors, including agriculture; business process outsourcing (call centres, data storage centres, termination centres etc); textiles, mining, mineral processing and beneficiation; automobiles; renewable energy and biofuels

(solar, biomass, hydro, co-gen and wind); plastics; pharmaceuticals and chemicals; forestry, pulp and paper; infrastructure (telcoms, healthcare, roads, rail airports, dams and water); manufacturing and tourism (hotels, resorts, tourism attractions and leisure). These are industrialists who want to be operationally involved in the higher end of the economy, in partnership with a funder with a soul. When these black industrialists stand up to be counted, in the NEF they will find financial support ranging between **R250 000 and R75 million**, as well as mentorship and skills-transfer from industry experts. So too will they find enterprise development support and a peerless commitment to their success, and the success of our beloved country.

DETAILS OF A BUSINESS PLAN

Number	Heading	Description
1	Executive Summary	Brief description of the business?
2	Purpose of funding	What do you need the money for?
3	Valuation of business	If buying an existing business, how was its value calculated?
4	Products and Services	What is the business going to sell?
5	Industry Analysis	Trends, developments, opportunities, laws, outlook etc.
6	Target Market	Who are your customers?
7	Competitor Analysis	How are you going to do better than your competitors?
8	Supplier Analysis	Do you have the best suppliers, eg. cost, delivery, quality etc.
9	Operational Analysis	Technology, quality-control, safety, costs and processes etc.
10	Management and Human Resources	Experience, qualifications, number and race of employees etc.
11	Internal and External Risks	Do you have plans to address possible risks and problem areas?
12	Socio-Economic Benefits	What does your business offer to society, eg. jobs, skills etc.
13	Financial Analysis	History and projections: Income and expenditure, balance sheet, and cash-flow.
