# Kindle Formatting

1. How to format your Kindle Book

2. You need to put everything on a single page.

- Title
- Copyright
- Table of Contents
- Chapter (every chapter, you need to put them in a single page)

See the screenshot below on how to Separate each page using **Page Break**.

Just put your mouse cursor on the content that you wanted to be in separate page. Then click "**Insert**" and "**Page Break**"

You need to do the same steps on every page that you would like to separate in a single page.
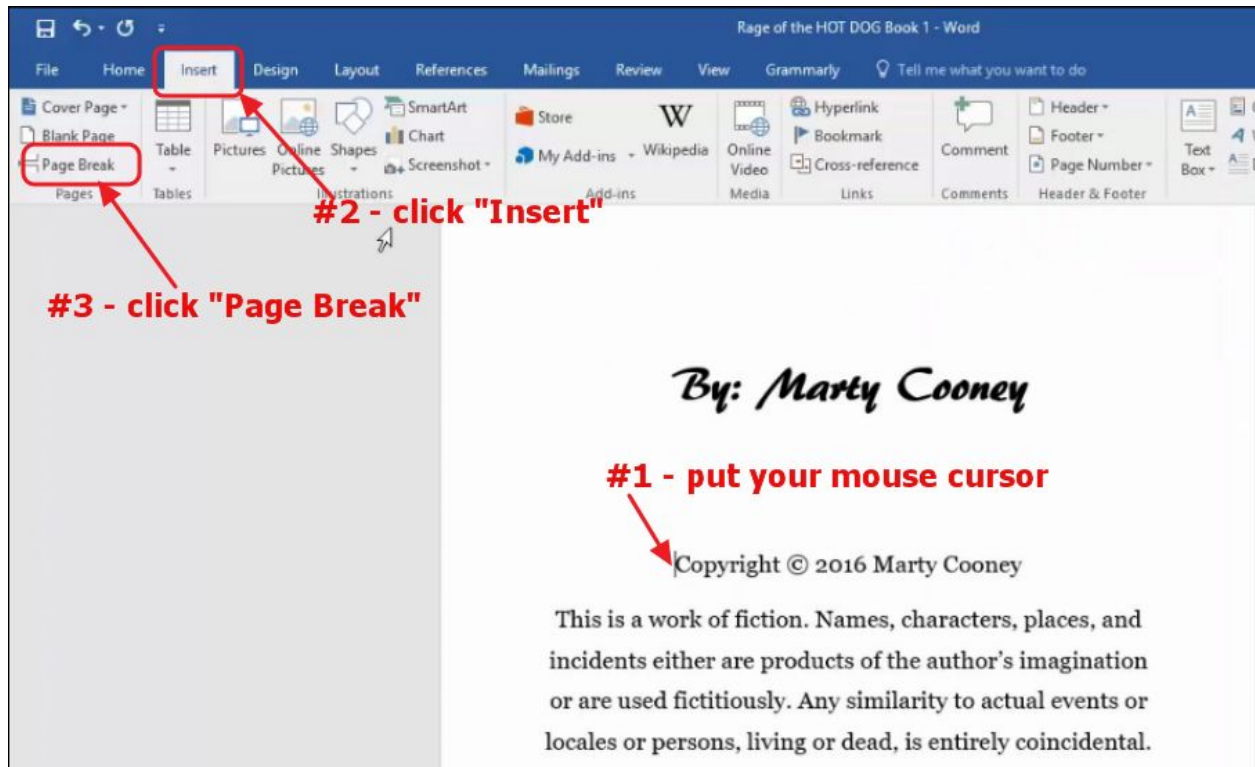

3. How to Format your Table of Contents (follow the steps from the screenshot below)

**Note:** Every single Chapter should be in a single page.

**Fig #1** (make sure you have single page for Table of Contents)

**Fig #2** (Go to your very first Chapter)

**Fig #3**

**Fig #4.** Just do the same (Fig 4) to the rest of Chapter (Chapter 1, Chapter 2, Chapter 3 etc)
